

Moffett Agfeed

Delivering **Confidence**

Moffett Agfeed

Moffett is at the forefront of delivering agfeed and fertilisers – ensuring a smooth and efficient flow of materials between suppliers, farmers and consumers.

MOFFETT Truck-mounted Forklifts give your driver complete independence, enabling them to handle products quickly and efficiently.

Agfeed, Seed & Fertiliser

For more than 40 years, Moffett has been manufacturing Truck-mounted Forklifts, a load handling solution that has helped transform the way materials are distributed across the globe.

Operating in muddy farmyard conditions, the MOFFETT Truck-mounted Forklift ensures safe and efficient handling of agfeed, seeds and fertilizer. The MOFFETT reduces the potential for your delivery vehicle to become stuck in restricted farmyard areas and also decreases the risk of damage to your vehicle and the customer's property.

On site, your Truck-mounted Forklift is ready to get to work in less than a minute. Your MOFFETT Truck-mounted Forklift can be carried on the back of almost any truck or trailer with no loss of load space.

Having a MOFFETT Truck-mounted Forklift means you can have faster, safer and more cost effective deliveries.

With its high lift capacity, robust design and a wide range of attachments such as clamps, different fork options and positioners, the MOFFETT Truck-mounted Forklift easily handles just about any product on site or in the yard.
