

SMALL IN SIZE, BIG ON PERFORMANCE

INTRODUCING THE MULTILIFT FUTURA 8

EXPERIENCE **NEW LEVELS**

MULTILIFT Futura 8 is a lean yet strong skiploader that is ideal for urban use within confined city streets.

Thanks to its EvoLight™ construction, you get more payload without compromising strength. That means you can haul more while saving fuel and reducing CO₂ emissions. And its service-friendly design helps you optimise total cost of ownership.

MULTILIFT Futura 8 gives you new levels of productivity for an 8 tonne skiploader. And like the rest of the MULTILIFT Futura family – it is built to perform, today and tomorrow.

CostWise™ for quicker Return On Investment

The MULTILIFT Futura 8 is purpose-built to be easy on your wallet. It delivers leading edge skiploader performance, while providing a quicker return on your investment and reducing total cost of ownership.

- Your initial investment is smaller
- Its smaller size makes it easier to carry on a smaller truck
- It consumes less fuel, which also means reduced CO₂ emissions
- In some markets, you may enjoy reduced road taxes
- You don't need to employ operators with a higher certification; you save money

EasyService™ for higher uptime

The MULTILIFT Futura 8 is extremely easy to service and maintain, with reduced time for routine checks and accessing key components.

- Service-friendly design to optimise total cost of ownership
- Service points easily accessible
- Wide range of retrofit options
- Hydraulic design concept based on hoses for easy serviceability

EvoLight™ construction means more payload

The completely redesigned lightweight steel construction of MULTILIFT Futura 8 gives you more payload capacity without compromising strength. That means you can haul more while saving fuel and reducing CO₂ emissions.

- Lightweight, high-strength steel construction
- Optimised cylinders
- More payload capacity
- Steel castings to strengthen and streamline construction

OF PRODUCTIVITY

*Small in size,
big on performance*

FlexControl™ offers freedom of control

FlexControl™ gives you freedom to customise your skiploader — paying only for what you need when you need it, as the modular system makes retrofitting easy. Control options even include the possibility to have outside, in-cab, radio remote controls, or a customised combination.

- Cab, radio, or outside controls
- Fast-speed offload
- Indicative weighing
- Automatic speed control

SafetyPlus™ boosts safety for both operator and surroundings

Safety, both for the operator and surroundings, is paramount for MULTILIFT. The MULTILIFT Futura 8 adds leading-edge safety innovations, such as hydraulic side stops, hydraulic container lock and precise controls combined with safety interlocks.

- Rated lashing points
- Hydraulic side stops
- Hydraulic rear lock
- Manually adjustable and locked container side and front stops
- Pneumatic safety latch for tipping hook

BUILT TO PERFORM

Hiab is the world's leading provider of on-road load handling equipment. Customer satisfaction is the first priority for us. Hiab's product range includes HIAB loader cranes, JONSERED recycling and forestry cranes, LOGLIFT forestry cranes, MOFFETT truck mounted forklifts and MULTILIFT demountables, as well as DEL, WALTCO and ZEPRO tail lifts.
