

PURE POWER AND PERFORMANCE

INTRODUCING THE MULTILIFT FUTURA 18

GET THE STRENGTH TO

The mightiest in its class is finally here – the MULTILIFT Futura 18 – the ‘big brother’ of the MULTILIFT Futura family that lifts up to a colossal 18 tonnes.

This means fewer trips to haul the same payload, saving fuel and slashing CO₂ emissions. Smart construction means it’s nimble, without compromising strength. And the service-friendly design helps you optimise total cost of ownership.

MULTILIFT Futura 18 comes with leading edge innovations for new levels of productivity, safety and flexibility. And like the rest of the MULTILIFT Futura family – it is built to perform, today and tomorrow.

MaxPerformance™ puts you in a league above

MULTILIFT Futura 18 comes ready-made for ultimate performance, loaded with built-in capabilities of the highest degree. With the strength you need to haul bigger loads, you could say that outperforming the competition is included as a standard feature.

- Gain the capacity to lift 18 tonnes in a single trip
- Greater payload enables increased productivity with decreased fuel consumption
- It’s specially designed for easy service and maintenance to maximize your uptime
- Available with a wide range of options to further enhance performance

EasyService™ dependability with low cost of ownership

With an innovative design that simplifies service and maintenance, MULTILIFT Futura 18 makes it easy to access key components and conduct routine inspections, saving you both time and money.

- Service-friendly design to optimise long-term maintenance costs
- Readily accessible service points to save time

HAUL MORE

Pure power and performance

FlexControl™ offers freedom of control

FlexControl™ gives you freedom to customise your skiploader — paying only for what you need when you need it, as the modular system makes retrofitting easy. Control options even include the possibility to have outside, in-cab, radio remote controls, or a customised combination.

- Cab, radio, or outside controls
- Fast-speed offload
- Indicative weighing
- Automatic speed control

SafetyPlus™ boosts safety for both operator and surroundings

Safety, both for the operator and surroundings, is paramount for MULTILIFT. The MULTILIFT Futura 18 adds leading-edge safety innovations, such as hydraulic side stops, hydraulic container lock and precise controls combined with safety interlocks.

- Rated lashing points
- Hydraulic side stops
- Hydraulic rear lock
- Manually adjustable and locked container side and front stops
- Pneumatic safety latch for tipping hook

BUILT TO PERFORM

Hiab is the world's leading provider of on-road load-handling equipment, intelligent services and digitally connected solutions. Hiab's offering encompasses class-leading load handling equipment including HIAB loader cranes, LOGLIFT and JONSERED forestry and recycling cranes, MOFFETT truck-mounted forklifts, MULTILIFT demountables, and tail lifts under ZEPRO, DEL, and WALTCO brands. As the industry pioneer, our commitment is to increase efficiency in our customers' businesses and to shape the future of intelligent load handling.
